Create an exciting centerpiece

A beautiful setting adds glamour to holiday entertaining and serves as a colorful accent to your table and menu. Seasonal decorations are easy to put together. Try one of these.

Stand red jumbo candles of varied heights in a group at the center of your table. Twine a garland of greens, oversized pine cones and nuts around them, extend-

ing the garland onto the table beyond the candles. Wire greens and pine cones together and using florist's clay, stick clusters of nuts together and attach.

For an attractive edible centerpiece, frost fresh fruit and arrange in a wicker basket or shaped bowl. Beat egg whites with a fork in a deep bowl, dip apples, pears, grape clusters and oranges;

sprinkle well with granulated sugar and let dry. Line container with plastic wrap and arrange frosted fruit, using toothpicks if necessary to hold them together.

Scoop out a pumpkin that is a comfortable size for your table setting. Put a bowl of water in the pumpkin and arrange bright fresh flowers in it.

Santa's delivering our cheery wish to all, plus many thanks for your kindness.

Christmas tree safety trimming

Look for this new Christmas tree trimming that has just begun to appear in the stores. A decorative rust colored star that is actually a battery-powered fire alarm! This bright ornament sounds a loud buzzing noise that warns of fire. During the holiday season many household fires start from faulty wiring of tree lights. This colorful star could prove to be a real lifesaver as well as a handsome way to top your tree.

To wish you the *Joy* of this Holy Season. Sincere gratitude.

Christmas! The season of music and wonder is filled with a powerful kind of magic. A magic that is expressed in many ways . . . in the merriment of its parties and celebrations, the contentment of hearth and home, the heartwarming tradition of gift giving and receiving, the dazzle and brilliance of its Holy meaning.

Excitement grows as each new sign or symbol of this cherished holiday appears. Rehearsals begin for Nativity plays at schools. Christmas cards are addressed and closets are piled high with mysterious packages. Store windows glisten with dazzling displays and forests of fir and spruce appear on every corner. Parties are planned and tempting delights are cooked and baked. Carolers appear filling the air with lilting holiday tunes and the local community tree is decorated and lit. Finally ornaments are tenderly and nostalgically unpacked, stockings are hung with anticipation. Surely those are sleigh bells jingling faintly in the distance!

The many legends that surround Christmas add to its aura of magic and mystery. If bees can hum psalms, animals speak and cattle kneel in their stables, then surely any miraculous happening is possible! And so the excitement mounts!

This wonderful time of merriment is also one of profound reverence. Churches in cities and country byways hold midnight services to celebrate the humble birth of Christ. It is the season of worship and rejoicing. Set apart by its majesty, mood, and magic, Christmas stands eternally outside time.

As Christmas day approaches it seems that everyone is waiting for something to happen! All are caught up in the spirit of what-might-be. At long last we know what all the preparation and waiting means . . . the miracle of Christ's birth which happened almost two thousand years ago, happens again in the hearts of people everywhere!

Christmas is cherished as a religious holiday of unparalleled importance honoring the birth of Jesus Christ, by Christians the world over.

For those of other faiths, this beloved holiday happily expresses universal good will, cheer and the spirit of brotherhood.

And so Christmas, that magical season of music and wonder, belongs to everyone!

A Word To The Wise... Selecting Safer Toys

Awareness on the part of holiday buyers can help eliminate needless accidents with flimsy or poorly constructed toys. These guidelines will help responsible Christmas shoppers make safe selections:

Be sure the toy is suitable to the child's age, and ability and that the instructions are easy to follow.

Toys that release small objects if broken are dangerous. Tiny toys or dolls with button eyes, or pieces that can come loose easily, should be avoided as gifts for younger children. A small child could choke on any of these.

Be on the alert for sharp edges and corners or pointed objects.

Small fingers could be trapped in small, tight spaces. Check for these.

Most toys, games and dolls are packaged by the time they reach the store. Examine the open sample carefully before making your selection. You'll be happy you did!

Colorful Wrap-Up Shows Individuality

A gift expresses you as uniquely as the way you sign your name. Your taste, creativity, even your sense of humor combine to make each gift a personal creation.

Wrapping your gifts needn't leave you at loose ends. Here are some basic guidelines for your Christmas wrap-up.

Use a large, flat surface that will hold gift wrap supplies, in an area that you can work in undisturbed. If you have a dining table, See page 4

use it and try to keep inquisitive prowlers away. Gather paper, ribbons, trims, stickers, double sided tape, scissors and gift tags together before you start.

Before wrapping, cut the paper to the right size. Cut paper wide enough to overlap slightly on girth of package and long enough to overlap again when ends are turned down. Center the gift upside down on cut paper. Turn the overlapping piece under and tape securely. Fasten ends by folding sides in, the top flap down and the bottom flap up. Secure with tape, seals or gift trim.

For odd shaped items such as tricycles, portable televisions, and doll houses, slip them into colored plastic gift bags and dress up with a big bow and candy cane.

For gifts you will be mailing, it is important to double-wrap. To protect your gift, place it in a larger cardboard box surrounded by crumpled newspaper. An inverted box lid will keep the bow from being crushed. When mailing a small, breakable item place it in a well padded metal tin which can then be placed in a padded cardboard shipping box. Wrap the shipping box with decorated parcel post paper and parcel post gift labels. Tie securely with twine or cord, wrapping the twine around the package twice in both directions. Tie twine at each intersection.

Wrap large packages first, then use leftover papers and trims for smaller gifts. Other leftover pieces and scraps can be used for children's crafts, collages.

Double the pleasure ...
Double the fun ...
Double our thanks!

Yuletide Turkey Can Be Just As Special The Second Time Around

An elaborate turkey dinner at Christmas time yields untold dividends in second day lunches and dinners. You'll enjoy these delicious menus . . . and so will your family. The best part is that they're so tempting you'll never think of them as "leftovers."

1/2 cup chopped onion
1/2 cup chopped green pepper
1/2 cup fine dry bread crumbs
1 cup mayonnaise

2 hard cooked eggs coarsely chopped
3/4 cup diced celery
1 tablespoon chopped onion

Crushed potato chips or chow

meat noodles

Mix first 6 ingredients together. Stir mayonnaise and soup together; toss into turkey mixture. Turn into 2 quart casserole and sprinkle with noodles or potato chips. Bake in 350° oven for half hour or 'til dish is bubbly. 6 hearty portions.

Silver Tinsel - Mystical Symbol

There is an old and appealing legend about Christmas tinsel. A poor peasant woman with many children was able to trim her tree with only the humblest things... nuts and berries and whatever else she was able to hoard through the year. She worked late into the night making her tree as lovely as possible. Then while she was asleep spiders crawled from branch to branch leaving a trail of lacy webs over them all.

As a reward for her devotion the Christ Child blessed her tree and all the spider webs turned to glistening silver!

A very personal collection of treasured Christmas toys

All year round Norma and Irv Bahrt enjoy their Christmas things, toys and decorations reminiscent of holidays past, all gathered patiently and lovingly.

Mrs. Bahrt, an enormously talented painter, began collecting Christmas mementos as a girl. Mr. Bahrt joined her in her never ending search

when they were married.

In their large assortment of Yule treasures is a tiny sled, originally used as a pencil box. A Christmas scene is painted on it, the soft colors muted with age. Another find is a little girl called Daisy who speeds along in a horse

drawn sleigh, the sleigh making music as it moves; bells ring gaily every time the wheels turn.

A cast iron Santa Claus bank, six inches high, still works. Put a penny into Santa's hand, push a lever and Santa drops the penny into the chimney for

things because of their old style and flavor. She says "I love the faded colors, quaint scenes and fashions because they tell how people lived long ago."

Mr. Bahrt tells about having thrown out a set of old quintuplet dolls that Mrs. Bahrt owned when they were first married, some twenty-five years ago. About three years ago he finally was able to lo-

cate another set of quintuplets for which he had to pay \$600 . . . considerably more than the original dolls cost!

The Bahrts never have too much of Christmas and they keep their lovely things where they can see and enjoy them every day, winter and summer.

Legend of the Sand Dollar

These strange and beautiful shells tell the story of Christ's suffering and His glory. The Easter Lily shape at the center of the sand

dollar represents the Star of Bethlehem which guided the shepherds from afar. The five holes represent the five wounds of Christ. On the back the Christmas Poinsettia, in outline, reminds us all of His birthday. Five Doves of Peace and Good Will appear when the shell is broken apart. This fascinating creature from the sea is referred to as The Holy Ghost Shell because of the legend attached to it.

Start With Lemon Aid

Unlike most other fruits lemons have no season and there is practically no end to the uses to which they can be put. Their bright sunny color will accent any fruit bowl or centerpiece, but did you know . . .

You get more juice out of a lemon when it's at room temperature and if you roll it on a table or counter top before squeezing?

A handy convenient supply of lemon juice is always at your fingertips. Roll a lemon over a counter top and then poke a hole in one end with a toothpick. Squeeze . . . out comes your juice. Replace toothpick and store in refrigerator for future use.

Lemons will stay fresh for about 2 weeks at room temperature and up to 6 weeks when refrigerated.

Wishing you all the happiness this holy holiday can bring. May your Christmas be brightened by our thanks.

Caught short with a recipe calling for buttermilk? Combine 1 tablespoon lemon juice with approximately 1 cup of milk. Let stand for 5 minutes and there you have it!

Dip fresh avocados, bananas, and apples in lemon juice to keep them from turning black.

For a refreshing pick-me-up or thirst quencher try a quick squeeze of lemon in a glass of carbonated water.

Insert an ice cream pop stick into a thick slice of lemon for an original swizzle stick in iced tea, lemonade or any tall drink.

Slim slivers of lemon peel frozen into ice cubes add a pretty and festive touch to party punch.

Saw-toothed halves or thin, curled strips of lemon peel make piquant holiday garnishes on food platters.

And . . . last but surely not least . . . toss used lemons into your garbage disposal to help keep it clean and fresh smelling.

A Story for All Time, The Blessed Birth

"And she brought forth her firstborn Son, and wrapped Him in swaddling clothes, and laid Him in a manger, because there was no room for them in the inn." LUKE 2:7

Christians all over the world give prayerful thanks to God for the miracle of the manger. At Christmas, in church services and in private

devotions, they turn again and again to the wondrous story of that Holy Night in a spirit of thanks and humility.

They recall humble shepherds, first witnesses to see and adore Jesus, herald angels singing their divine message, the Star that shone in the East guiding the Wise Men on their royal journey to Bethlehem.

The first Christmas lives anew in every word of its sacred and inspiring story. The words echoing across the ages bring comfort and a solemn sense of the meaning of the holiday and its universal message.

At services in small churches and grand cathedrals all over the world, midnight masses, vesper services, choir singing, censers exuding clouds of incense, and reverent prayers will celebrate Christmas.

Christ's life provided a

lesson for all. His legacy to mankind is summed up in His words (John 15:11) "These things have I spoken unto you, that my joy

might remain in you, and that your joy might be full. This is my commandment, that ye love one another as I have loved you."

The Magic of Growing Things

Christmas vacation is a long time to keep youngsters occupied and happy. There will be holiday parties, ice-skating and outdoor activities to suit whatever climate you live in. It might be practical to have one or two surprises set aside for bad weather, as a welcome change from TV. Most of the "supplies" are things you already have in your kitchen.

Starting and growing an unusual plant or bit of greenery can be exciting for young people. Some of these growing things will sprout very quickly, and they do get youngsters involved. The younger the child, the more impatient she or he will be to see

something "happen." Try little ones on carrot tops or lentils to introduce them to the magic of growing.

Spread a layer of dried lentils in a saucer of water and set on a window sill. Green shoots will appear before the week is out!

Slice the top off a carrot, beet or white turnip (leaving about 1" of the vegetable). Stand it in a saucer containing about one-half inch of water. Wispy greens will shoot up from the carrots, green and red shoots

from the beets and fatter greens from the turnip . . . in less than a week! See page 23

NOTABLE CHRISTMAS BIRTHDAYS

What do Clara Barton, Evangeline Booth, Maurice Utrillo and Sir Isaac Newton have in common? Something very special! These famous people all share the same festive birthday... December 25th!

Clara Barton, best known for helping found the American Red Cross, served as its president for many years. She was born on Christmas Day 1821, in Oxford, Massachusetts. In 1854 she became the first woman clerk in the U.S. Patent Office, a fact which does no doubt please feminists today. Soon after the outbreak of the Civil War, Clara Barton began the work of carrying supplies to soldiers and nursing wounded men on the battlefields. Her deeds attracted national attention and

she was known as "The Angel of the Battlefield." It was Miss Barton who realized that the Red Cross could be helpful to civilians as well as to soldiers in times of calamity.

Evangeline Booth, born on Christmas Day 1865, was the seventh child of William Booth, founder of The Salvation Army. She gained recognition as a musician, composer and orator in her native England. Miss Booth became national commander of The Salvation Army in the United States in 1904 and served until 1934. During World War I the Salvation Army Lassies, under her guidance, spent Christmas as well as many other days, ministering to the needs of American Doughboys in France.

May you, our dear friends, be blessed with a joyous Christmas filled with peace and happiness. Warm thanks.

A Festive Name

"Merry Christmas" in June? September? It is for a lovely young lady in Sacramento, California, whose name is truly Merry Cheree Christmas!

In answer to endless inquiries and as many jokes, this charming young woman never tires of explaining that her name really is Merry Christmas, and is spelled just that way. She

is used to people thinking it's funny and the constant teasing, but enjoys the fun of it as much as others.

Miss Christmas, whose fame has spread all over the world, spends a considerable amount of time answering the many people who write her. She starts writing her Christmas cards in September.

Asked about marriage proposals and changing her name, Miss Christmas responded "Well, I've seriously thought about marriage a couple of times, but I was raised the old-fashioned

way and I guess I'm looking I do. I really like the tradition of an old-fashioned typewritten things — like of person who thinks like Christmas."

A sweet potato vine makes an attractive plant and is easy to start and grow. Stick toothpicks into the sides of a plump sweet potato so you can suspend it in a jar, discarded gravy boat or old sugar bowl, with the lower tip about one-half inch or so into the water it contains. Keep in darkened place for about ten days so roots will start. The vines hang down gracefully so find a bright shelf to show the plant off.
